Cisco 210-065 CIVND: Implementing Cisco Video Network Devices

Module 1: Pre-Course Chapter 1

- Course Introduction
- Civnd Intro Part 1
- Civnd Intro Part 2
- The Big Picture

Module 2: Pre-Course Chapter 2

- All About Video Part 1
- All About Video Part 2
- All About Video Part 3
- All About Video Part 4

Module 3: Cisco Video And Content Delivery

- Cisco Video And Content Delivery Part 1
- Cisco Video And Content Delivery Part 2
- Cisco Video And Content Delivery Part 3

Module 4: Cisco Video Surveillance

- Cisco Video Surveillance Part 1
- Cisco Video Surveillance Part 2

Module 5: Cisco Collaboration

- Cisco Collaboration Part 1
- Cisco Collaboration Part 2
- Cisco Collaboration Part 3

Module 6: Central Collaboration Endpoint Control

- Central Collaboration Endpoint Control

Module 7: Unified IP Phones, Desk Endpoints And Cisco Jabber

- Unified IP Phones Desk Endpoints And Cisco Jabber

Module 8: Configuring Unified IP Phones And Cisco Jabber

Configuring Unified IP Phones And Cisco Jabber Part 1
Configuring Unified IP Phones And Cisco Jabber Part 2

Module 9: Operating And Troubleshooting Cisco Unified IP Phone And Cisco Jabber

Operating And Troubleshooting Cisco Unified IP Phone And Cisco Jabber Part 1
Operating And Troubleshooting Cisco Unified IP Phone And Cisco Jabber Part 2
Operating And Troubleshooting Cisco Unified IP Phone And Cisco Jabber Part 3

Module 10: Cisco Telepresence Endpoints Installation And Characteristics

Cisco Telepresence Endpoints Installation And Characteristics Part 1
Cisco Telepresence Endpoints Installation And Characteristics Part 2
Cisco Telepresence Endpoints Installation And Characteristics Part 3
Cisco Telepresence Endpoints Installation And Characteristics Part 4

Module 11: Configuring Cisco Telepresence CTS And Cisco DX650 Endpoints

Configuring Cisco Telepresence CTs And Cisco D X650 Endpoints Part 1
Configuring Cisco Telepresence CTs And Cisco D X650 Endpoints Part 2

Module 12: Configuring Cisco Telepresence TC Endpoints

Configuring Cisco Telepresence TC Endpoints Part 1
Configuring Cisco Telepresence TC Endpoints Part 2
Configuring Cisco Telepresence TC Endpoints Part 3
Configuring Cisco Telepresence TC Endpoints Part 4
Configuring Cisco Telepresence TC Endpoints Part 5
Configuring Cisco Telepresence TC Endpoints Part 6

Module 13: Operating And Troubleshooting Cisco Telepresence Endpoints

Operating And Troubleshooting Cisco Telepresence Endpoints Part 1
Operating And Troubleshooting Cisco Telepresence Endpoints Part 2
Operating And Troubleshooting Cisco Telepresence Endpoints Part 3
Operating And Troubleshooting Cisco Telepresence Endpoints Part 4
Operating And Troubleshooting Cisco Telepresence Endpoints Part 5

Module 14: Cisco Multipoint Conferencing Solutions

Cisco Multipoint Conferencing Solutions Part 1
Cisco Multipoint Conferencing Solutions Part 2
Cisco Multipoint Conferencing Solutions Part 3

Module 15: Configuring And Monitoring Cisco Multipoint

Configuring And Monitoring Cisco Multipoint Part 1
Configuring And Monitoring Cisco Multipoint Part 2

Module 16: Cisco DMP Characteristics And Installation

- Cisco DMP Characteristics And Installation Part 1
- Cisco DMP Characteristics And Installation Part 2

Module 17: Configuring Cisco DMPs

- Configuring Cisco DMP's

Module 18: Managing Cisco Edge 340 DMPs

- Managing Cisco Edge340 DMPs
- Course Conclusion

Module 19: Labs

- Basic Switch Port Configuration
- Dashboard Options Part 1
- Dashboard Options Part 2
- Preparations For Endpoints Part 1
- Preparations For Endpoints Part 2
- Preparations For Endpoints Part 3
- Preparations For Endpoints Part 4
- Basic Troubleshooting
- Setup TC Endpoint Part 1
- Setup TC Endpoint Part 2
- Setup TC Endpoint Part 3
- Setup TC Endpoint Part 4
