Microsoft 70-686 Pro: Windows 7, Enterprise Desktop Administrator

Module 1: Developing a Strategy for Windows® 7 Business Desktops Deployment

Introduction
Developing A Strategy-Part1
Developing A Strategy-Part2
Developing A Strategy-Part3
Developing A Strategy-Part4
Developing A Strategy Demo-Part1
Developing A Strategy Demo-Part2

Module 2: Evaluating Application Compatibility in Windows® 7

Evaluating Application Compatibility-Part1
Evaluating Application Compatibility-Part2
Evaluating Application Compatibility-Demo

Module 3: Assessing Deployment Methods for Windows® 7

Assessing Deployment Methods-Part1
Assessing Deployment Methods-Part2
Assessing Deployment Methods-Demo

Module 4: Designing Standard Images for Windows® 7

Designing Standard Images-Part1
Designing Standard Images-Part2
Designing Standard Images-Part3
Designing Standard Images-Demo

Module 5: Deploying Windows® 7 with Windows AIK

Deploying Windows With Windows AIK
Deploying Windows With Windows AIK-Demo

Module 6: Using Windows Deployment Services to Deploy Windows® 7

Using Windows Deployment Services-Part1
Using Windows Deployment Services-Part2
Using Windows Deployment Services-Demo

Module 7: Deploying Windows® 7 Using Lite Touch Installation

Deploying Windows 7 Using Lite Touch Installation
Deploying Windows 7 Using Lite Touch Installation-Demo

Module 8: Deploying Windows® 7 Using Zero Touch Installation

Deploying Windows 7 Using Zero Touch Installation
Deploying Windows 7 Using Zero Touch Installation-Demo

Module 9: Migrating User State Using USMT 4.0 and WET

Migrating User State Using USMT 4.0 And WET-Part1
Migrating User State Using USMT 4.0 And WET-Part2

Module 10: Planning, Configuring, and Managing the Client Environment

Planning Configuring And Managing The Client Environment-Part1
Planning Configuring And Managing The Client Environment-Part2
Planning Configuring And Managing The Client Environment-Part3
Planning Configuring And Managing The Client Environment-Part4
Planning Configuring And Managing The Client Environment-Demo

Module 11: Planning and Deploying Applications and Updates to Windows® 7 Clients

Planning And Deploying Applications And Updates To Windows 7 Clients-Part1
Planning And Deploying Applications And Updates To Windows 7 Clients-Part2
Planning And Deploying Applications And Updates To Windows 7 Clients-Part3
Planning And Deploying Applications And Updates To Windows 7 Clients-Demo
