Microsoft 70-697: Configuring Windows Devices (Windows 10) Updated Version

Module 1: Introducing Windows 10

- Course Introduction
- What Makes Windows 10 Different
- Overview Of Windows 10 Features
- Navigating And Using Windows 10-Part 1
- Navigating And Using Windows 10-Part 2

Module 2: Installing Windows 10

- Preparing For Installation
- Installation Options
- Upgrading And Migrating-Part 1
- Upgrading And Migrating-Part 2

Module 3: Configuring Devices

- Overview Of Configuration Tools
- Common Configuration Options
- Managing User Accounts-Part 1
- Managing User Accounts-Part 2
- Using Control Panel
- Using Windows Administration Tools-Part 1
- Using Windows Administration Tools-Part 2
- Using Windows PowerShell-Part 1
- Using Windows PowerShell-Part 2

Module 4: Configuring Network Connectivity

- TCP IP Network Connectivity-Part 1
- TCP IP Network Connectivity-Part 2
- TCP IP Network Connectivity-Part 3
- Name Resolution
- Wireless
- Remote Access Overview-Part 1
- Remote Access Overview-Part 2
- Troubleshooting Connectivity

Module 5: Managing Storage, Data, And Printers

- Managing Hard Disks-Part 1
- Managing Hard Disks-Part 2
- Managing Hard Disks-Part 3
- Creating And Managing Storage Spaces
- Overview Of Data Access
- Configuring And Managing File Access
- Managing Shared Folder
- Understanding Work Folder
- Managing Printers

Module 6: Managing Apps

- Installing And Configuring Applications
- Managing Apps From The Windows Store
- Managing Microsoft Edge Web Browser

Module 7: Managing Device Security

- Configuring Network Security-Part 1
- Configuring Network Security-Part 2
- Configuring Local Security
- Configuring Data Security-Part 1
- Configuring Data Security-Part 2
- Configuring Device Security

Module 8: Maintaining Windows 10

- Updating Windows 10
- Monitoring And Optimizing Windows 10-Part 1
- Monitoring And Optimizing Windows 10-Part 2

Module 9: Troubleshooting And Recovery

- Managing Devices And Drives
- Recovery Files
- Recovering Devices

Module 10: Deploying Windows 10 Enterprise Desktops

- Overview Of Image Based Deployment
- Automating Installations
- Windows Activation

Module 11: Managing User Profiles And User State Virtualization

- Managing User Profiles-Part 1
- Managing User Profiles-Part 2
- User State Virtualization
- User Profile Migration

Module 12: Managing Desktop And Application Settings Using Group policy

Using Group Policy To Manage Windows 10 Devices Part 1
Using Group Policy To Manage Windows 10 Devices-Part 2
Using Group Policy To Manage Windows 10 Devices-Part 3
Using Group Policy To Manage Windows 10 Devices-Part 4
Using Group Policy To Manage Applications-Part 1
Using Group Policy To Manage Applications-Part 2

Module 13: Configuring And Managing Client Hyper-V

Introduction To Client Hyper-V
Creating Virtual Machines
Managing Virtual Machine Storage And Snapshot
Conclusion

Module 14: Configuring Windows Devices - December, 2017 Update - Part1

1. Intro to Windows 10 Update 70-697-1D
2. Mod 1 Win 10 Update
3. Mod 1 Installing Windows 10
4. Mod 1 Examining Windows 10 Act
5. Mod 3 Configuring Devices
6. Mod 3 Examining GPOs Act
7. Mod 3.3 Display Options
8. Mod 3 Examining One Drive Act
9. Mod 4 Configuring Network Connectivity
10. Mod 4 Powershell Networking Commands Act
11. Mod 4.1 Network Mgmt Tools
12. Mod 4.1 Command Prompt Networkiing Tools Act
13. Mod 4.1 Network Mgmt Tools Part2
14. Mod 4.2 DNS
15. Mod 4.2 Name Resolution Act
16. Mod 4.3 Direct Access
17. Mod 5 Managing Storage
18. Mod 5 Server Based Storage
19. Mod 5 Storage Act
20. Mod 5.5 Diskpart
21. Mod 5.6 Powershell Disk Mgmt
22. Mod 5.7 Storage Mgmt
23. Mod 5 Storage Mgmt Act
24. Mod 6 Managing Files and Printers
25. Mod 6 CMD and PS Files System Commands Act
26. Mod 6.2 Permissions Inheritance
27. Mod 6.2 NTFS and Sharing Permissions Act
28. Mod 6.3 Type 4 Printer Drivers
29. Mod 6 Printing Mgmt Act
30. Mod 7 Managing Apps
31. Mod 7 Internet Explorer 11 Act
32. Mod 8 Managing Device Security
33. Mod 8.1 Security Compliance Toolkit
34. Mod 9 Maintaining Windows 10

35. Mod 9 Windows Update Settings Act
 36. Mod 10 Startup and Recovery
 37. Mod 10 Startup and Recovery settings Act
 38. Mod 11 Additional Skills
- Windows Intro Update 70-697-2C

Module 15: Configuring Windows Devices - December, 2017 Update - Part2

1. Mod 1 Developing Mgmt Win 10
2. Mod 1 Windows Defender Act
3. Mod 1.1 Developing Part2
4. Mod 1 Applocker Act2
5. Mod1.2 Managing a Mobile Workforce
6. Mod 1 Remote Access Act2
7. Mod 1.2 Managing a Mobile Workforce Part2
8. Mod 1.3 Overview
9. Mod 1 Microsoft Azure Act2
10. Mod 2 Managing Win 10 Sign-in
11. Mod 2 Microsoft Account Act2
12. Mod 2.2 Overview of Azure AD
13. Mod 2 Microsoft Azure AD Act2
14. Mod 3 Managing User Profiles and User
15. Mod 4 Managing Desktop and Apps
16. Mod 5 Managing Devices in MS365
17. Mod 5 Office 365 Act2
18. Mod 6 Managing PCs Devices using Intune
19. Mod 6 Intune Act2
20. Mod 6.3 Intune App Mgmt
21. Mod 6.4 Working with WIP
22. Mod 7 Configuring and Using MS Store
23. Mod 7 Microsoft Store for Business Act2
24. Mod 7.2 Deploy Win 10 Auto-pilot
25. Mod 8 Managing Data Access Windows
26. Mod 8.4 Publishing and Using RemoteApp
27. Mod 9 Configuring and Managing Client Hyper-V
28. Mod 10 Additional Skills
29. Outr to Windows 10 Update 70-697
